

NURSE Awards

inter+staff

The Interstaff Awards Program aims to recognize and celebrate the exceptional work of Interstaff nurses who demonstrate outstanding dedication and service in their healthcare roles. Our program acknowledges those who have exceeded to serve their communities and showcase their achievements. Through this program, we seek to foster a culture of recognition, motivation, and professional growth among Interstaff nurses.

Spotlight Award

This award, nominated by hospital staff, goes to a nurse who stood out at their facility among all Interstaff nurses for exceptional nursing. A nurse can be nominated for recent professional growth, leadership qualities, picking up shifts when needed, encouraging coworkers, and more. We will recognize every nurse nominated and choose one overall winner.

2024 Spotlight Award Winner Rafael P., RN from Mexico

Rafael's manager and HR representative attended our annual Awards Ceremony to present him with the hospital-nominated Spotlight Award. His family joined him virtually from the hospital, watching as he received this prestigious Interstaff honor. Overjoyed and surprised by the recognition, Rafael shared a few heartfelt words, expressing that he simply focuses on showing up and caring for his patients—never expecting others to notice his dedication.

"Winning this award means a lot to me. First, it makes me think that what I've been doing has had a good impact on the patients that I care for and also that I am contributing positively to my work team. This is something that I will always remember as a good achievement in my nursing career. I also want to thank the whole Interstaff team for making the Awards Program possible, especially Skye, who is always there supporting Interstaff nurses in this great and challenging journey!"

Influencer Award

This award goes to a nurse who stood out as being a positive influence, advocate, and promoter for Interstaff and Interstaff's culture. It is obvious that this nurse is involved in the Interstaff community, represents Interstaff well, and cares about making Interstaff the best agency it can be. They might have influenced positive change and growth through their involvement in marketing campaigns and testimonials, referrals, reviews and surveys, attendance at Interstaff events, and helping with new programs and initiatives, amongst other things.
